Physics Department of IIT (BHU) is very good Department for research point of view. Here, you will get full faculty and staff support. Modern equipment along with specialized lab are the main feature of this department. Students are very cooperative and helpful.

★★★★★ 6 years ago

It's the physics department of IITBHU. sbi bank is in front of it. LT 3 of IITBHU is behind it. It's close to ceramics, chemical and pharmaceutical department. It can be easily seen from the road which is paved. Proctor office of IITBHU is close to it. Gopal Tripathi Auditorium is in front of it. Free parking is available.
